

Flame Retardants

ATH

- Apyral mineral based flame retardants - alumina tri-hydrate – including sub-micron and precipitated grades
- High performance silane surface treated products

Boehmite AlOOH - Aluminium Oxide/Hydroxide

- Flame retardant in PCBs
- Functional filler used as a carrier in catalytic converter
- Battery applications

Synergists

- Synthro-Nyl liquid synergists for use in combination with ATH

Additives for Rubber & Plastics

Activators and Co-Activators

- TRIM
- TMPTMA
- TAC and TAIC
- Activin alkaline activator for silica in NR
- Aktiol activator in granular form

Process Aids

- Actilox PA14 to increase line speeds in polymer processing
- Dispergator and Haftolat products for improving flow of rubber compounds

Plasticisers

- Mediaplast secondary plasticisers for PVC plastisols

Silanes

- 50% and 70% silane masterbatches

Antitack

- Magnesium stearate
- Zinc stearate
- Talcubex non-dusting talc
- Soap based

Desiccants

- Kezadol calcium oxides

Adhesion Promoters

- Cobalt-based rubber adhesion promoters

Miscellaneous

Heat Transfer Fluids

- Mediatherm heat transfer fluids

Ceramic Raw Materials

- Nabalox range of hard and soft calcined & reactive aluminium oxides

Mullites

- Synthetic sintered mullites for use in refractory & ceramic applications

Polishing Alumina

- Nabalox range of polishing aluminas for use in abrasives and polishing media

Ceramic Bodies

- Granalox alumina based products for high wear-resistant ceramic applications

Additives for Ceramics

Silica-Free Curing Agents

- ACH (Aluminium ChloroHydrate) solutions

Deflocculants

- Prox A 11
- Prox B 03
- Synthro-stab 25 B

Temporary Binders

- Synthron VB 264
- Prox AM 355

Plasticisers & Lubricants

- Modarez PW 336
- Prox-amine NP

Rheological Additives

- Pre-neutralised acrylic polymers for paste stabilising,
- Synthro-thix A 301
- Prox ACW 650
- Prox A 003
